Notes:

- Introductions
- Challenges
  - Housing
  - Standard process among ambulatory settings
  - Lack of buy-in for recovery model
  - Organizations operating in silos; limited collaboration
  - BH professionals willing to work in public sector

Texas Healthcare Transformation & Quality Improvement Program
1115 Waiver

- Lack of psychiatrists
- Training
- IDD / Dual population experts
- IDD substance abuse treatment
- Referrals
- Lack of continuum of care, specifically in pediatrics
- Autism services
- Lack of trauma training
- Care provider transitions
- Updated/streamlined referral list/directory
- Community standard of care + information sharing/data
- Coordination of eligibility
- Sharing of information about populations affected
- MHMR system overall

- Focus Areas: 3 buckets
  - Traditional MH; i.e., depression, schizophrenia, etc.
  - Substance Abuse / Developmental Disorders
  - TBI/Trauma
  - **Want real collaboration across projects**

- Next steps
  - BH make need to be divided into multiple subsets
  - Speakers determined after goals set
  - 1st BH cohort meeting within 4-6 weeks
  - Send list of potential participants & team leads
