2. DSRIP Implementation

DSRIP One-year Extension

- In a letter on September 7, 2021, HHSC accepted CMS's offer to extend DSRIP for one year. The DSRIP team drafted the waiver amendment and PFM and MBP changes required to implement the extension.
 - Materials are posted on the HHSC website, [Waiver Overview](#) page, under "November 1, 2021, Proposed Amendment for One-Year DSRIP Extension (DY11)."
 - On November 3, the DSRIP team hosted a webinar on proposed changes to the PFM and MBP. The webinar recording is available [here](#).
 - The DSRIP extension amendment request for demonstration year (DY) 11 is on hold. HHSC is reviewing the impact of the November 15 letter from CMS on the DSRIP extension amendment. HHSC is still moving forward with rule development for the program extension.

DY10 RHP Annual Reports

- The DY10 RHP Annual Report is due to HHSC by COB Wednesday, December 15, 2021. The template is similar to previous years, with the addition of three questions about the impact of COVID-19, best practices and the continuation of provider-level activities post-DSRIP.

Compliance Monitoring

- MSLC is continuing work on Category C round 4 reviews. The review round is scheduled for September 2021 through February 2022. Providers should direct any audit-specific questions to [MSLC](#) and copy the [HHSC Compliance Mailbox](#).

3. DSRIP Transition

Directed Payment Program for Behavioral Health Services (DPP BHS)

- HHSC received Centers for Medicare & Medicaid Services (CMS) approval DPP BHS retroactive to September 1, 2021.
- Program requirements and measure specifications have been updated for DPP BHS and can be found [here](#).
- DPP BHS reporting as a condition of participation will start Monday, December 20, 2021.
- Payments to MCOs will be loaded and commence on January 1. Payments to providers should begin shortly thereafter.

Proposed Directed Payment Programs (DPPs)

- We do not have any final or formal decisions on Comprehensive Hospital Increased Reimbursement Program (CHIRP), Rural Access to Primary and Preventive Services (RAPPS) or Texas Incentives for Physicians and Professional Services (TIPPS).
- CMS has indicated the primary concern is regarding financing of the non-federal share – specifically regarding LPPFs. All communication between HHSC and CMS is posted at <https://www.hhs.texas.gov/providers/medicaid-supplemental-payment-directed-payment-programs/directed-payment-programs> (scroll to the bottom of the page).
- Based on ongoing discussions with CMS, provider reporting originally scheduled for October was delayed. In a GovDelivery notification posted on 11/19/21, HHSC communicated that DPP reporting would commence 35 calendar days after a CMS approval of the program.
- Reminder: sign up/update GovDelivery Notices for the applicable DPP here: <https://service.govdelivery.com/accounts/TXHHSC/subscriber/new>.
- Continue sending questions related to DPP measures, performance requirements, specifications, and reporting: DPPQuality@hhs.texas.gov.
