

RHP 9, 10 & 18 Collaborative Connections – Impacting Care A Learning Collaborative Summit

Breakout Session Questions

Instructions:

Please take 15-20 minutes to answer the questions below with the group at your table. Be sure to record your answer below each question. Once each table is done completing the questions each group will report out their answers.

1. What are you doing in your organization to achieve these measures?
2. Have you already set your baseline? If so what is your data telling you?
3. Do you have any questions around the specification for a specific measure?
4. What is making you lose sleep at night about a particular measure?
5. Does anyone have any best practices they would like to share?
6. Will your organization be submitting baselines for any of these measures early?
7. Are you continuing a project from DY 2-6 that is impacting these measures? If yes, how so?
8. Is this a new measure or one they previously measured in Waiver 1.0? If so, do you have any successes or lessons learned that you would like to share?
