

Behavioral Health Measures Questions - Hospitals

Instructions (30 minutes):

1. 20 minutes:

- a. **DISCUSSION QUESTIONS:** Using the materials attached pick one or two of the measures and go through these questions:
 - i. What have you found to be the most effective strategies to achieve these performance measures?
 - ii. What challenges have you encountered in working to achieve these performance measures?
 - iii. Are there any opportunities to collaborate with other providers serving the same patients to achieve common performance measures?

2. 10 minutes: Volunteers from groups will report key thoughts or questions to larger group.

- **Materials:**

- Discussion Questions
- List of Measures in the Bundle and Which DSRIP providers have those measures
- List of activities providers are implementing to achieve their measures (not all inclusive)

- **Note Taker:** Record thoughts and comments on post it paper:

- Identify the measure(s) discussed
- Key notes
- Questions
- Unique Ideas

- **Introductions (very quick):** Name, Organization, Your Role, Overall approach to achieving measure selected (in two sentences or less)
